

APPLIED CREATIVE THINKING AND PROBLEM SOLVING (MICROCREDENTIAL)

MCAC

Creativity and Change Leadership Department

Chase Hall 248, (716) 878-6223

creativity.buffalostate.edu/ (<http://creativity.buffalostate.edu/>)

Given today's unprecedented pace of change, leaders in business, education, and government have identified creativity and complex problem solving as crucial 21st century skills. Leveraging 50 years as a world leader in teaching applied creative-thinking skills, this micro-credential provides students with the cognitive and affective skills proven to enhance personal and professional success. Courses completed as part of the micro-credential can be applied towards the SUNY Graduate Certificate (18 credits) and the Master of Science in Creativity and Change Leadership (33 credits).
