The Art Education Graduate Program prepares students for professional certification to teach visual arts in pre-kindergarten through grade 12 (PK-12) in New York State schools. This program develops art education professionals who:

- understand contemporary art and culture and are committed to teaching students in meaningful and critical ways.
- consider teaching to be a dynamic and continuing process utilizing current media technology.
- are sensitive to issues of diversity and capable of adapting their teaching strategies to meet individual needs.
- are encouraged to be active in their professional, cultural, and art communities.
- are competent in theory, research, and methodology in art and art education.

The Art Education Department offers graduate studies that lead to a master of science in art education and eligibility to apply for New York State professional certification to teach visual art in grades pre-kindergarten–12 (PK-12). This program requires 30 credit hours of study. Within the required program format, students are encouraged to pursue individualized programs of study.

All applicants for Professional Certification in New York State must show evidence of completing the required seminar
