

GRADUATE STUDENT ASSOCIATION

The Graduate Student Association (G.S.A.) (<http://gsa.buffalostate.edu/>) is the representative body for matriculated graduate students at Buffalo State. It was established by voting graduate students during the spring semester of 2012. The organization was developed to provide a voice and represent the interests of the graduate student population at Buffalo State and to support them in professional development opportunities. The GSA supports the annual 3-Minute Capstone Contest and Graduate Student Research Fair. Matriculated graduate students are encouraged to become involved in the GSA as an executive board member or a senator. Contact the Graduate Student Association (gradstudentassoc@buffalostate.edu) for more information.
