The Career and Professional Education Center (CAPE) provides a full range of career counseling services to help students select a major, plan a career, apply to graduate school, and identify internship and employment opportunities. They also connect students with information about career options with Buffalo State majors. Assessment and exploration programs are available to assist in selecting a career well-suited to individual student interests, strengths, and other personal characteristics. In addition to hosting BengalLink (https://buffalostate-csm.symplicity.com/students/?signin_tab=0), where students can find full-time, summer, and part-time jobs, as well as internship opportunities, the CAPE links students with employers and successful alumni through job fairs, on-campus interviews, and job-search programs.
